

Implant Basics 101

October 5th and 6th, 2018 | Overland Park, KS

**IMPLANT
DIRECT™**
EDUCATION

LECTURE + HANDS ON
Subject Code: 704

Description

This course covers basic surgical knowledge and techniques necessary for placing dental implants. Course highlights include academic lectures, live surgery demonstration, and hands-on typodont training. After attending Implant Basics 101, participants should be able to develop their own protocol for assessment, diagnosis, treatment planning, surgical placement, and prosthetic restoration of single-tooth posterior implants

Key Points

- Learn how to diagnose and treatment plan dental implants
- Be able to develop implant surgery protocols
- Gain basic tissue management and bone grafting knowledge
- Understand how to properly interpret X-rays
- Obtain the keys to aesthetic and functional results
- Learn restorative options (including using CEREC to restore an implant)
- Gain awareness of important post-op considerations
- Understand the economics and value of placing implants

Instructor

Dr. Doug Schulz, DDS is a 1980 graduate of the University of Iowa, College of Dentistry. He completed his studies at the L.D. Pankey Institute with a significant emphasis in occlusion and restorative dentistry. With over ten years of teaching experience, Dr. Schulz has taught at the University of Iowa, College of Dentistry and lectured throughout the US and internationally. Dr. Schulz is the founder and director of Corporate Lakes Education Center, the Midwest's premier dental/medical educational facility. Additionally, he runs a private practice in Overland Park, Kansas. Dr. Schulz is a member of the ADA, Kansas Dental Association, Fifth District Dental Society, Chicago Dental Society, and the L.D. Pankey Alumni Association.
